“This .. in a great day you have this view … this transparency this luminosity, when the sun shows up … of course this also makes sense because the shard are multiples and the sun never touch all the shard together, only touch one. I mean, one of the reasons why we in T (this?) city condensation and intensification is because ….(unintelligible) intense of energy. .(unintelligible)”

“London we have more than 300.000 people everyday passing by, so this is very … one of the few places in London where you can do something like that (unintelligible), so energy …energy .. consuming energy on expressing energy somewhere in this building are coming together”

A large part of the Ikea catalogue is dedicated to images portraying contemporary interiors

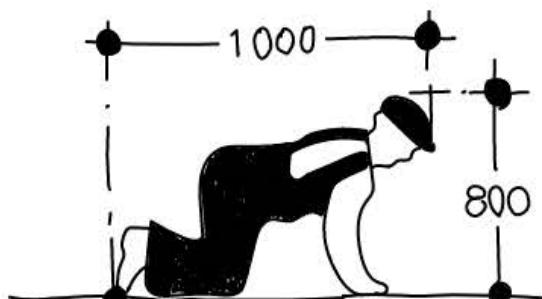

created with Ikea objects and users interacting with the products. In the 2018 catalogue (Belgium edition)

you could find: people drinking, eating, studying, cooking, computing, chatting, flirting, dancing, playing music, etc. None of these images represented individuals cleaning or engaged in any other common maintenance task.
